Allowable Subject Matter

1. Claims 6-14, 26-30, and 33-38 are allowed.
2. The following is a statement of reasons for the indication of allowable subject matter:

Regarding claims 6 and 26, the examiner could not find any art to teach or fairly suggest a system and method in a headend of an HFC cable arrangement, the system comprising an optical receiver for converting an upstream optical signal to a composite baseband signal representing a plurality of information streams; a demultiplexing device responsive to the composite baseband signal for generating the plurality of information streams; a plurality of modulators, coupled to said demultiplexing device, each of the plurality of modulators corresponding to a different one of the plurality of information streams, each modulator for producing a corresponding modulated analog signal from one of said plurality of information streams; a combiner for combining a plurality of modulated analog signals generated by said modulators to produce a combined modulated analog signal; a subsystem for processing the combined modulated analog signal to realize the service.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
